## ICON LEGEND

The GreenPlanet Nutrients Icon legend aims to help you find the right nutrients for your garden.

Fertilizer Type	Nutrient Type	Growth Stage
 Liquid	 Base	 Vegetative
 Dry	 Additive	 Flowering
	 Maintenance	

For Use In			
 Hydro	 Coco	 Soil / Soilless	 CLF Program

## HOW DOES IT WORK?

**Medi One** is our complete one part base nutrient formulated for the medical grower. It is a fully balanced blend of all-natural ingredients that produce vigorous growth in the vegetative stage and resinous aromatic flora production in the flowering stage.

**Medi One** is our one part base nutrient system formulated with readily available macro and microelements for organic use. Expect vigorous vegetative growth and vibrant floral production with only one bottle.

**NPK 4-3-3**

## RECOMMENDED FEED PROGRAM ADDITIVES

**Ocean Magic** is a vegetative additive derived from Atlantic Sea Kelp that delivers a variety of benefits to your garden and plants. The wealth of ingredients found in Ocean Magic supports a number of functional properties such as rooting and the reduction of environmental and plant stress.

**NPK 0-0-5**

**Rezin** is our flowering additive formulated to enhance the natural processes within flowering plants that produce flavour and aroma. This results in high-quality flowers come time for harvest.

**Massive Bloom** Formulation is our premier flowering additive formulated with all of the necessary microelements required to achieve an increase in flower size as well as providing several additional beneficial properties.

**NPK 1-2-3**

**Liquid Weight** is a supplement blend of simple and complex carbohydrates that support the plant and beneficial microbial life in the root zone. This leads to an increase in the absorption of essential nutrients that help develop impressive aromatic flowers and fruits.

**NPK 0-0-1**
