

**Complete one part base
nutrient system ideal for the
medical grower.**

4-3-3

MEDI ONE

- 🟢 BASE NUTRIENT
- 🟢 VEGETATIVE STAGE
- 🟢 FLOWERING STAGE
- 🟢 LIQUID FERTILIZER

WHAT IT IS

Medi One is our one part base nutrient system formulated with readily available macro and microelements for organic use. Expect vigorous vegetative growth and vibrant floral production with only one bottle.

HOW IT WORKS

Medi One is our complete one part base nutrient formulated for the medical grower. It is a fully balanced blend of all-natural ingredients that produce vigorous growth in the vegetative stage and resinous aromatic flora production in the flowering stage. Our formula contains hydrolyzed fish soluble extract from Atlantic Menhaden that are slowly steamed and hydrolyzed to preserve the amino acids. These are blended with North Atlantic Kelp extract and mined potassium sulphate to provide additional nitrogen (N), phosphorus (P), and potassium (K). Natural humate complexes are also added to increase microbial activity in the grow medium. This helps the plant break down larger organic particles into a size that the plant can easily uptake and use. All of the components within Medi One are carefully assembled to make sure they form a complete and cohesive nutrient source that provides everything the plant needs in all stages of growth.

HOW TO USE IT

Shake bottle well prior to use. Apply the product at a rate of 1-5 ml/L (4-19 ml/Gal) of water twice per week. Adjust pH to the desired levels. Refer to the Medi One Feed Program for application rates during each week of plant growth.

FOR USE IN

MEDI ONE GUARANTEED ANALYSIS	
Total Nitrogen (N).....	4.0%
0.25% Nitrate Nitrogen	
3.75% Other Water Soluble Nitrogen	
Available Phosphate (P ₂ O ₅).....	3.0%
Soluble Potash (K ₂ O).....	3.0%
Calcium (Ca).....	0.95%
Magnesium (Mg).....	0.6%
0.6% Water Soluble Magnesium (Mg)	
Sulfur (S).....	2.0%
2.0% Combined Sulfur (S)	
Boron (B).....	0.01%
Copper (Cu).....	0.009%
0.009% Water Soluble Copper (Cu)	
Iron (Fe).....	0.08%
0.02% Water Soluble Iron (Fe)	
Manganese (Mn).....	0.05%
0.05% Water Soluble Manganese (Mn)	
Zinc (Zn).....	0.02%
0.02% Water Soluble Zinc (Zn)	
Derived from: Fish Protein Hydrolysate*, Phosphoric Acid, Sodium Nitrate, Copper Sulfate, Magnesium Sulfate, Potassium Sulfate, Boric Acid, Ferrous Sulfate, Manganese Sulfate, Zinc Sulfate.	
*Stabilized with Phosphoric Acid
