WHAT IT IS

Dual Fuel is our ready to use base nutrient ideal for cultivators looking to bring simplicity to their grow. This starter kit comes with Dual Fuel and a selection of our top additives to help you maximize your yields.

HOW IT WORKS

Our 2 Part Dual Fuel Starter Kit comes with the nutrients you need to grow from seed to harvest. Dual Fuel is our 2 part base nutrient that is easy and simple to use. Whether you're a novice or master grower, Dual Fuel can be tailored to the demands of your grow. Massive Bloom Formulation is our premier flowering additive designed to encourage budding, help facilitate bulking, and the ripening of flowering plants. Rezin is our terpene enhancer formulated to enhance the natural processes within flowering plants that produce flavour and aroma. Liquid Weight is our blend of simple and complex carbohydrates that support the plant and beneficial microbial life in the root zone. This leads to an increase in the absorption of essential nutrients that help develop impressive aromatic flowers and fruits. Vitathrive Propagation Solution is our comprehensive additive blend of vitamins and minerals formulated for the vegetative stage of plant growth. It is designed to reinforce plant health and support essential functions.

HOW TO USE IT
